Article-No.: 141

Product details:	safety shoe Arcots B mid, S3 - metal free
Colour:	schwarz
Size:	38,39,40,41,42,43,Groesse:44,45,46,47,48
Standardize:	EN 20345:2011
Packing Units:	1 pair / 8 pairs in a carton
Shoe shape:	Mid Cut
Protection level:	S3
Slip resistance:	SRC - Both of the above conditions (SRA + SRB = SRC)
Toe Cap Model:	Composite toe cap
Midsole:	penetration-resistant fabric midsole
Tongue:	Full, padded bellows textile tongue
Lining:	Fabric lining for natural ventilation
Outsole:	PU
Norms:	EN ISO 20345:2011 - protection footwear EN 61340-4-3:2001 - protection for electrostatic discharge

Additional requirements for special applications:	A - Antistatic footwear (between 1x10 5 O and 1x10 9 O) CI - Thermal cold insulation of the sole (by temperature < 10°C) E - Heel area energy absorption (= 20 Joule) FO - Walking sole surface resistant to hydrocarbons P - Pierce resistant midsole (= 1100 N.) WRU - Water resistant upper material (> 60 mins - Absorbance < 30%)
--	---

Upper material: Nubuck leather

Extras: Heel-stabilizing system
Metal-free equipment
ESD-Equipment

Industry: Construction / Waste / Recycling
Services / logistik / facility management
Craftsmanship / manufacturing industry
Heavy industry
Agricultural Management / Landscape gardening/ forest and wood management
Light industry
