

3M particulate mask

The 3M™ Disposable Respirator 8822 provides lightweight comfort and effective respiratory protection against dust and mists. The convex shape, twin strap design, nose foam and nose clip ensure comfortable wear over a range of face sizes. • Disposable P2 respirator offering reliable, effective protection against fine particles • The convex shape, twin strap design, nose foam and nose clip ensure comfortable wear over a range of face sizes. • Durable, collapse resistant inner shell • 3M™ Cool Flow™ Valve: The Cool Flow valve reduces heat build-up to offer workers comfortable protection - even in hot and humid conditions • Maximum usage level: Up to 12 x TLV.

Article-No.:	8822
Product details:	3M particulate mask FF P2 NR D, with exhalation valve
Material:	non-woven material
Colour:	white
Size:	universal
Standardize:	category III EN 149:2001 + A1:2009
Packing Units:	10 Stück / 240 Stück
Usability:	Non reusable
Features:	Exhalation valve Dolomite dust test (D) Metal nosepiece Preformed
respiratory protection level:	FFP2 / P2
Mask group:	Particulate Respirator
Mask type:	Half Face Mask
Respiratory protection standard:	EN 149:2001 + A1:2009
limit value for particulate respirators:	up to 10 times the limit value
