

3M particulate mask

The 3M™ Aura™ 9322+ Respirator provides comfort and style without compromising performance. Protects against dusts and mists found in a wide variety of industrial applications and other work situations requiring FFP2 protection. •Flat fold disposable P2 respirator offering reliable, effective protection against moderate levels of fine dust & mists •Low breathing resistance filter technology for easier breathing through your shift •Ingenious 3-panel design that accommodates greater facial movement during speech so much more comfortable to wear •An embossed top panel to reduce fogging of eyewear •A sculpted nose panel for improved compatibility with eyewear •An innovative chin tab for ease of donning and adjustment of the respirator on the face •Supplied in hygienic packaging to help protect the respirator from contamination before use, also allows practical storage and dispensing in the workplace. •3M™ Cool Flow™ valve reduces heat build-up to offer workers comfortable protection - even in hot and humid conditions •Maximum usage level: Up to 12 x TLV

Article-No.: 9322

Product details: 3M particulate mask
FF P2 NR D, with exhalation valve, folded

Material: non-woven material

Colour: white

Size: universal

Standardize: category III EN 149:2001 + A1:2009

Usability: Non reusable

Features: Exhalation valve
Dolomite dust test (D)
Folding
Integrated nose clip with padding

respiratory protection level: FFP2 / P2

Mask group: Particulate Respirator

Mask type: Half Face Mask

Respiratory protection standard: EN 149:2001 + A1:2009

limit value for particulate respirators: up to 10 times the limit value
