

**Einmalpumpe für 1 l Flasche, mit langem Auslauf,**

An exact dosing of disinfectants, cleansing and skin care products is only achieved with the use of application aids. The dosing and application aids from HARTMANN thus make a significant contribution to the hygiene success as well as to the application safety and cost-effectiveness of products. # Suitable for all 350/500 ml dispenser bottles from Hartmann! # #PZN 14072652
