

Sports Cap safety helmet,

Sports Cap safety helmet, white, light ABS helmet shell offers high level of protection and durability, shorter brim for a wider field of upward vision, 6 point suspension of highly tearproof textile straps, very absorbent sweatband of fleece, plus installed 4 punkt chin belt, Suitable for use by electricians as helmet shell is fully closed, certified in accordance with EN 50365 (1000 V AC), neck protection, rotatable fastening enables size adjustment with only one hand, 30 mm plug pockets for the reception of all common helmet clamp ear protectors and visor holders

Article no.: 599413

Coating description: Sports Cap safety helmet, white

Packaging units: 1 piece, 10 piece

Protection class Category PPE: PPE Cat. III - Protective equipment for high risks. Category III includes all products that protect against potentially fatal hazards and irreversible damage to health (complex PPE).

Norm: EN 397:2012 + A1:2012
EN 50365:2002

Colour: White

Sector: Heavy industry
Services / logistics / facility management
Craft / manufacturing industry

Helmet standard: EN 50365 - Electrically insulating helmets for work on low-voltage installations
EN 397:2012 - Schutz vor fallenden Gegenständen

Helmet material: ABS - plastic

Additional protective properties: Electrical insulation in accordance with DIN EN 50365 - Intended for use when working under voltage or in the vicinity of live parts up to AC 1000 V and DC 1500 V.
Electrical insulation in accordance with DIN EN 397 - Protection against brief, unintentional contact with live conductors with AC voltage up to 440 V.
Protective properties down to - 30 °C in accordance with DIN EN 397 - For use at very low temperatures (e.g. in cold stores).
Protective properties against metal splashes (MM) in accordance with DIN EN 397 - For use when working with molten metal.

Eyewear features: Twist lock
Short peak
Chin strap
